Work History:

Coordinator of International Relations (CIR) through Japanese Exchange and Teaching (JET) Kitagawa Village, Kochi 2016-2018:

Contracted through the Kitagawa BoE, this position is responsible for coordinating cultural events for children, writing a monthly Japanese column, translating and interpreting for local businesses, English education, and engaging the public as a cultural liaison.

English Language Teacher for the AtoZ Corporation

Azumino City, Nagano 2014-2016:

Hired through AtoZ to work in the Azumino City school system, this position required developing an English curriculum and implementing it in 3 elementary schools around the city.

University of Memphis Intensive English for Internationals ESL Instructor

Memphis, Tennessee June 2013- March 2014

Taught foundational listening, speaking, reading, and pronunciation to multicultural classes. Interpreted orientation for Japanese exchange students.

Volunteer History:

Stonewall Japan Shikoku Block Leader 2017-2018:

Planned and organized turnkey events for region wide community building. Wrote a monthly newsletter which saw around 50% increased readership. Went to each prefecture to build community connection and appoint regional leaders to welcome new members into the organization and plan local events.

Tosaben Genki Musical Project Manager Spring 2018:

Developed the timeline and oversaw the actions list for the charity musical. Handled all correspondence from production team to cast and crew. Despite a 40% downsizing from 2017, 2018 brought in similar crowds, raised comparable donations, and honored 8 times the scholarships as the previous year.

University of Memphis IEI Student Community Outreach 2013-2014:

Volunteered to bring students to community events and help students to overcome language/cultural barriers to connect to University of Memphis student body and surrounding communities.

Education:

University of Memphis, Double Major: *Bachelor of Arts in Applied Linguistics & Japanese*

J. F. Oberlin University: 1 year study abroad: *Japanese Intensive*

University of Washington: Full-time MERN Stack Web Development certification
